Сделать поддержку английского и русского языков.

1. Необходимо сделать поддержку английского и русского языков. Заходим в каталог /blog/config/_default, открываем файл languages. Пишем код для добавления второго языка.

```yaml
1 # Languages
2 #   Create a section for each of your site's languages.
3 #   Documentation: https://wowchemy.com/docs/guide/language/
4
5 # Default language
6 en:
7   languageCode: en-us
8   # Uncomment for multi-lingual sites, and move English content into 'en' sub-folder.
9   #contentDir: content/en
10
11 # Uncomment the lines below to configure your website in a second language.
12 #zh:
13 #   languageCode: zh-Hans
14 #   contentDir: content/zh
15 #   title: Chinese website title...
16 #   params:
17 #     description: Site description in Chinese...
18 #   menu:
19 #     main:
20 #       - name: 传
21 #         url: '#about'
22 #         weight: 1
23 ru:
24         languageCode: ru-ru
25         contentDir: content/ru
26         menu:
27             main:
28               - name: Обо мне
29                 url: '#about'
30                 weight: 10
31               - name: Посты
```

2. В папке content создаем две папки en и ru. Переносим в созданные папки весь контент. Разместим элементы сайта на обоих языках. Разместим контент на обоих языках.

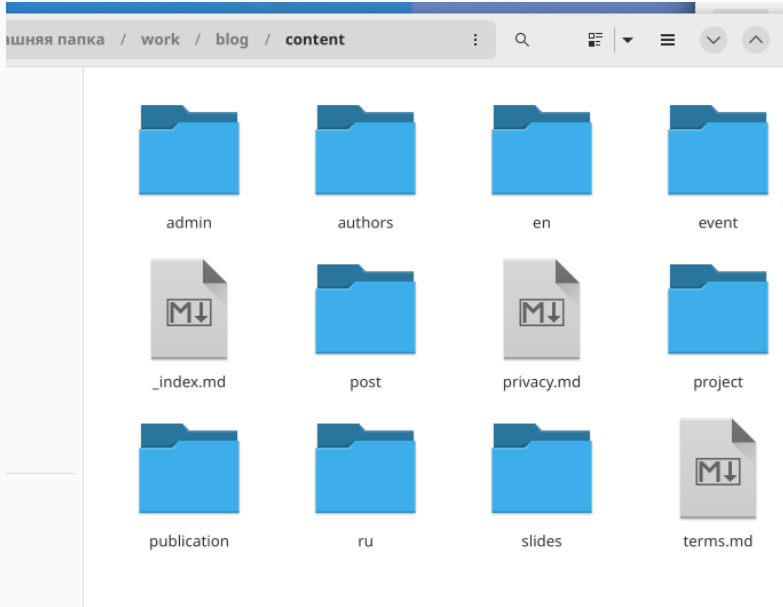

Рис. 2: en и ru

Рис. 3: content

Рис. 4: en

3. Добавляем пост на тему по выбору.

 6 ## Overview
 7
 8 Last week I visited one of the most beautiful parks in Moscow – Victory Park. That is why it is necessary to
   tell a little about him. After all, a walk in this place was an important event of the past week.
 9
 0 Victory Park is a large memorial complex dedicated to the victory in the Great Patriotic War. It is often
   called Poklonnaya Gora, after the name of the historical area in which the park is located. In Victory Park,
   folk festivals are held on holidays, newlyweds come here to lay flowers at the memorial, and the townspeople
   and guests of the capital rush here just to take a walk, ride roller skates and bicycles, and look at the
   fountains.
 1
 2 In the Museum of the Great Patriotic War – the main object of the entire complex – in the "Book of Memory"
   department, almost 1500 volumes of Books of Memory are stored, in which the names of the fallen soldiers are
   inscribed.
 3
 4 The main alley is decorated with 1418 fountains – so many days the war lasted – located on five water terraces
   – each of them personifies the year of hostilities.
 5
 6 In the center of the Victory Park there is a 141.8 meters high stele. At the top of it is a statue of the
   goddess Nike. At the foot of the obelisk is a sculpture of St. George the Victorious slaying a serpent with a
   spear.
